RESEARCH AND DEVELOPMENT

The research programme was born out of the principles of organized development, which sought to attain high growth, self-reliance, stabilized national development and [social justice](#). However, the major modification of India's economic policy environment has gone through changes within a few years of setting up of the Institute which affects a number of institutions and instruments. The Institute rapidly reoriented its research programme to accommodate the matters that came into sharp notice in the new regime. Keeping in eye the changed [economic policy environment](#), it was felt that there is need to further broaden the ambit of the research programme to encompass select contemporary appropriate issues. The academic schemes of the Institute are organized under the following broad themes:

1) *Industrialization*

MSMEs, Industrial clusters/corridors, SEZ, [Regional development](#), Industrial policy, etc.

2) *Internationalization*

FDI, technology transfer, [IPRs](#), trade and investment agreements, etc.

3) *Corporate Sector*

Financial institutions, Ownership and control, [Public enterprises](#), Public-private partnership, etc.

4) *Labour and Employment*
